

6th Annual March of Diapers

March 1-31

The **Light of Christ Community Garden** is a drop off site for a diaper drive to help babies “One Tush at a Time”.

Collecting Diaper sizes – premie to size 7, pullups and baby wipes.

Drop off donations at the garden any Monday or Wednesday between 9-12 during the month of March or bring to church and drop in box in narthex.

No parent should have to choose between purchasing food or diapers for their children. Diapers are **not covered** by government assistance programs such as SNAP and WIC. This oversight causes potential health risks for infants and many difficulties for parents who can't afford diapers.

Diapers will be donated to various shelters, food banks, care net, communities in schools and more.

With love for the babies! Join us from March 1st – 31st
